

MTU Onsite Energy website has been updated. To support the update, every registered user will have a new password. Below are instructions on how to login into the site and change your password.

Please Note: Passwords are now required to be at least seven characters in length and contain at least one non-alphanumeric character (i.e. *, #, %,!) and they will expire every 60 days. Upon expiration, you will be prompted to change your password during the login process.

1. From the www.mtuonsiteenergy.com website, click on **Login**.

2. Enter your **User Name** and the new **Password** indicated in this email and click on **Login**.

User Name:

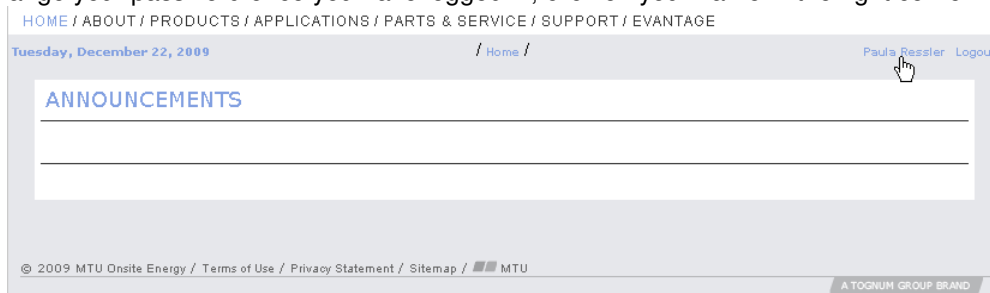

Password:
